

# NOTES

## Sustainability Committee

Date: Thursday, June 23, 2020 • Time: 2:00 pm – 3:00 pm

- ❖ **Members present:** Mariah Chrans, Carolina Biagi, Diana Lady, Barb Wiman, Kelly Nightengale, & Alissa Rankin
- ❖ **Discussion**
  - Data request list
    - What is available online without a “request”?
      - CMS data coded by county – pull from CMS instead
        - How to code the data by ZIP codes, county, etc. – Mariah will update the committee on this next month.
        - Compare county data (e.g., health improvements) with CHW location in KS
        - <https://data.cms.gov/>
      - Kansas Statewide Farmworker Health Program has 2018 data from clients served
        - Compare year-by-year
        - Follow trends for upcoming years
        - Diana requested diabetes data from this program but it was denied
          - Be very specific with requests
          - # of clients served is an easy data point
          - Define what specifically they want
          - Types of chronic disease management
          - Look at CMS
    - Platforms to plug data into My Sidewalks to show data
      - Mariah will reach out to determine if it will cost additional
    - How could we measure a reduction of Emergency Room visits? Managed Care Organizations can show reduction in cost due to the reduction in ER visits and as a re
    - <https://www.kdheks.gov/brfss/>

- <https://www.ncqa.org/hedis/measures/>
- State public surveillance IRB system data requests
  - This requires testifying at state house
  - Could take up to 6-months for first request but only requires renewal annually
- De-identified data from Medicaid billing codes from universities that track
- Early Detection Works diagnosis rates
- <https://kancare.ks.gov/>
- Kansas Breastfeeding Coalition data
- Request from
- Two options:
  - Identify 10 key indicators to compare
  - Look at a general data set and compare
- Impact of CHWs in COVID related efforts
  - Capture the value of their interventions with clients
- What are your 10 key indicators that you would use to show value of your CHWs?
  - Choose 15-20 that we would like to compare
  - Funder required indicators
- Use the data to justify the need for CHWs
  - Build a case statewide for this data
  - State, county, and ZIP level data
  - Improve the state of CHWs in KS

#### ❖ **KDHE Updates**

- None.

#### ❖ **Next steps**

- What are your 10 key indicators that you would use to show value of your CHWs?
