	Topic	Discussion
1.	Welcome	Checking in
2.	Old Business	Business Case update: Dr. Mariah Chrans is working on this project and will get together with Crystal soon to ensure all the details needed are captured.
3.	New Business	<p><b>*Advocacy: Success stories and discussion on how to increase attendance for all the committee meetings:</b></p> <p><b>HOW TO INCREASE ATTENDANCE FROM CHW AT THIS MEETING?</b> We must speak to the supervisor about the importance of CHW participation and how it could benefit them. Crystal will spread the word during the peer support meeting and clinic conversations. Certification should be shared the same way with employees and group support. We must contact the website if CHW has questions about attending the meetings.</p> <p><b>Success stories Discussion:</b> One of the ideas for collecting success stories is by asking directly to the CHW. The symposium can be a place for us to ask them. One way could be by recording their voice. No cameras, only voice. Diana will ask her internal team how this could be done during the symposium. Also, Crystal can develop questions that can be easy answers as CHWs sit at their tables. This can be a card where the questions are wiring, and CHW can record all the responses.</p> <p><b>Sustainability:</b></p> <p><b>Health Indicators discussion:</b> Dr. Chrans suggested that all of us on the call ask our respective organizations what indicators they are tracking. This aim is to know what indicators are important in Kansas. Also, it was suggested that we add a question to the work assessment this year. I will communicate this to Alissa.</p> <p><b>Seeking collaboration on the State amendment for CHWs in Kansas:</b> KDHE Department of Health care Finance is working on this effort and will let us know if they need more information.</p> <p><b>CERTIFICATION VIDEO IDEA:</b> Since certification is now relevant</p>

		for CHW in Kansas. One idea for Kansas is to make a cartoon video. This is a new way to relate ideas. It needs to be fun and funny. Diana Will ask internally, and Crystal will explore this idea with her team.
